GitHub: github.com/rahulkumar | LinkedIn: linkedin.com/in/rahulkumar

PROFESSIONAL SUMMARY

Full Stack Developer with 3+ years of experience building scalable web applications. Proficient in React, Node.js, Python, and cloud technologies. Strong problem-solving skills with expertise in microservices architecture and DevOps practices.

EDUCATION

Bachelor of Technology in Computer Science Engineering

XYZ Institute of Technology, Bangalore
CGPA: 8.5/10 | Graduated: May 2021

WORK EXPERIENCE

Senior Software Engineer | ABC Tech Solutions

January 2022 - Present (2 years)

- Developed microservices architecture using Node.js and Express, improving scalability by 40%
- Built responsive frontends with React and TypeScript, serving 100K+ daily active users
- Implemented CI/CD pipelines using Docker, Kubernetes, and Jenkins
- Technologies: React, Node.js, MongoDB, AWS, Docker, Kubernetes, Redis

Junior Developer | StartupCo

July 2021 - December 2021 (6 months)

- Created REST APIs for mobile applications using Python Flask
- Optimized database queries, improving performance by 40%
- Technologies: Python, Flask, PostgreSQL, Git

TECHNICAL SKILLS

Languages: JavaScript, Python, TypeScript, Java, SQL

Frameworks: React, Node.js, Express, Flask, Spring Boot, Next.js

Tools: Git, Docker, Kubernetes, Jenkins, AWS, MongoDB, PostgreSQL

Databases: MongoDB, PostgreSQL, MySQL, Redis

Soft Skills: Problem Solving, Team Leadership, Agile Development, Communication

PROJECTS

E-Commerce Platform

Built full-stack e-commerce application with React and Node.js. Integrated payment gateways (Stripe, Razorpay). Deployed on AWS with auto-scaling.

Technologies: React, Node.js, MongoDB, Redis, AWS

URL: github.com/rahul/ecommerce

AI Chatbot

Developed chatbot using OpenAI API and Python. Deployed on AWS Lambda with DynamoDB.
Technologies: Python, OpenAI, AWS Lambda, DynamoDB

CERTIFICATIONS

- AWS Certified Solutions Architect - Associate (2023)
- MongoDB Developer Certification (2022)
- Google Cloud Professional Developer (2023)
